Description

Solar Lamppost Light - Pole or Flat Surface Mount

This traditionally designed solar lamp is a great way to dress up the outside of your house and save money at the same time. The Imperial style solar lamp is maintenance-free, turning on automatically at dusk, and off automatically at dawn.

The lamp has the patented Gama Sonic warm white 2700K solar light bulb. It is made of rustproof cast aluminum and beveled glass. It uses an upgraded Li-ion battery for a more efficient charge and longer staying power.

You should expect 8 hours of illumination from the Imperial solar light. The light easily fits over your existing 3" or smaller lamp post.

Specifications

Model: GS-97B-F

LED Color: 2700K

Lumens: 180

Lighting: Solar Bulb Technology

Battery: Li-ion

Voltage: 3.2

Battery Capacity: 3000 mAh

Power Source: Mono-Crystalline Solar Cell
